

Yacht Insurance

from

Northeastern

Your yacht is a prized possession in many ways. Of course, these days, almost any boat is expensive to buy and expensive to maintain, but a boat is more than that. Boats are a storehouse of great memories and will provide good times in the future. Like any other valuable asset, the boating lifestyle is worth protecting.

Did you know that insurance companies are not required to adhere to any particular policy form or contract? Unlike automobile and homeowners insurance, there is no governmental regulation of boat insurance policies. Each insurance company has its own policy wording, hence the importance of dealing with experienced marine insurance brokers.

This form will enable us to give you a premium cost estimate for your boat insurance.
